

ELIGIBILITY CRITERIA FOR PLACEMENTS

Extracted and organized from the uploaded *Training & Placement Policy Manual* — Section E: Eligibility Criteria for Placements

1. Minimum Eligibility Criteria for Students

The policy states that the minimum eligibility requirements for students seeking campus placement/internship assistance include the following:

- Complete and submit the prescribed Registration Form provided by the T & P Cell, showing interest in campus placements/internships.
- Understand and adhere to the Institute Placement Policy.
- Provide all necessary and relevant information to the T & P Cell within the required time.
- **Academic requirement:** secure a minimum CGPA equivalent to **6 or higher OR 50%**, with **no active backlogs** in the previous semester/yearly examination in the registered course.
- Maintain satisfactory conduct with no disciplinary action throughout the program.
- Not be debarred from participating in the campus placement process by any competent authority of the Institute.
- Attend training and development sessions mandated by the T & P Cell, EDC Cell/Departments relating to skill enhancement and placement/internship briefings.
- **Attendance requirement:** maintain a minimum of **75% attendance** in classrooms as well as training and development sessions conducted by the T & P Cell or EDC Cell/Departments, as per the Institute's Attendance Policy.
- Maintain the highest possible professional standards of conduct, without harming the goodwill of the Institute, T & P Cell, and/or the company/recruiter.
- Graduating students who wish to pursue startup ambitions instead of seeking placements may seek deferment from on-campus placement by obtaining formal approval from their respective HODs.
- For deferred students requesting placement support within 12 months of graduation, the T & P Cell will attempt to find suitable opportunities on a best-effort basis, without assurances or guarantees.

2. General Eligibility Criteria of Reputed Companies / Recruiters

The policy notes that company-specific criteria may vary. The following are presented as generalized criteria commonly sought by recruiters during campus placements:

Criterion	Requirement
1. Academic Qualifications	Minimum percentage or CGPA as required by industry standards or the specific job; completion or pursuit of a relevant degree/program.
2. Year of Study	The academic level/year specified by the company; final-year students may be targeted for permanent positions and pre-final-year students for internships.
3. Discipline or Major	Relevant educational background or major related to the job role, including required technical/domain knowledge.
4. Skill Set	Skills aligned with job requirements, including technical skills, programming languages, communication, and problem-solving abilities.

Criterion	Requirement
5. Certifications	Relevant certifications or additional qualifications that enhance suitability for the role.
6. No Backlogs	No current academic backlogs at the time of placement.
7. Communication Skills	Good verbal and written communication skills, assessed through interviews and/or written tests.
8. Analytical and Logical Reasoning	Proficiency in analytical and logical reasoning, assessed through aptitude tests or interviews.
9. Adaptability and Learning Agility	Ability to adapt to new environments, learn quickly, and apply knowledge effectively.
10. Teamwork and Interpersonal Skills	Ability to work collaboratively and communicate effectively in a team environment.
11. Leadership Potential	Evidence of leadership skills, extracurricular involvement, or leadership roles in academic/community projects.
12. Ethical Standards	Adherence to ethical standards and values such as honesty and integrity in academic and professional settings.
13. Problem-Solving Skills	Strong problem-solving and critical-thinking abilities, often assessed through interviews or case-study exercises.
14. Industry Knowledge	Basic understanding of the industry and awareness of current trends and developments.
15. Resume/CV Quality	A well-structured, informative resume covering relevant academic achievements, projects, internships, and other experiences.
16. Passion for the Role	Genuine interest in the specific role or industry, demonstrated through knowledge, experiences, and career goals.
17. Good Feedback	Good feedback from internship mentors, HODs, faculty, T & P Cell, etc.

3. Specific Eligibility Criteria Provided by the Prospective Company

Students should stay informed about the specific requirements of different companies and industries in addition to the general criteria above. If a company/recruiter provides specific eligibility criteria, those criteria shall be shared with students in a timely manner.

4. Placement Registration Requirements Related to Eligibility

- All enrolled students who are eligible and require placement assistance must fill the prescribed Placement Registration Form provided by the T & P Cell.
- Registered students should update internship details and other relevant details, such as completed certification courses, with the T & P Cell.
- Only registered students permitted by the Director/HODs are allowed to participate in the placement process.
- Students wishing to opt out of placement assistance may do so by signing the prescribed declaration (Annexure–1).

- Students must complete registration at the beginning of the year/semester to indicate willingness to participate in campus recruitment.
